STONE

LARGE FORMAT SINTERED STONE

Vasta Stone embodies the concept of being part of the design process allowing designers to create freely and apply direction to create spaces with a unique aesthetic dimension and beauty.

Inspired by expanse, amplitude, and the creativity of Italian designers, the collection is complemented by superior technical performance when compared to other materials. Vasta Stone allows you to create a free and continuous flow of interiors and exteriors with a singular spatial experience within the context of distant views. The harmonious fusion of natural material combined with contemporary surface designs conceives distinguished visuals throughout.

PIETRA SINTERIZZATA IN GRANDE FORMATO

Vasta Stone è l'idea di essere nel progettare, di dare forma allo spazio per renderlo espressione di personalità.

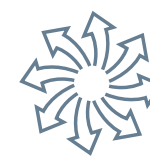

Un'innovativa soluzione in lastre ceramiche sinterizzate a tutta massa di grande formato, per progetti d'architettura di esterni, design di interni e arredi. Superfici made in Italy dallo stile ricercato, dalle performance tecniche uniche, frutto delle più recenti innovazioni tecnologiche.

ARCHITECTURAL SURFACES

Vasta Stone is both sustainable and aesthetic with superior technical performance. With the fusion of natural materials and extended sizes, it is possible to create spaces that interact with each other and harmonize with the surroundings of the built environment. Creative and dynamic compositions create a clear dialogue between furniture and space and can be extended into residential zones, public spaces, terraces, and landscapes.

Superfici estremamente naturali, materiche, colorate e ricche di fascino. Le lastre in pietra sinterizzata di Vasta Stone per pavimenti e rivestimenti coniugano la massima attenzione al gusto contemporaneo con la versatilità tipica del materiale ceramico. I rivestimenti in pietra sinterizzata sono la scelta ideale in termini di prestazioni e performance tecniche, superiori a qualsiasi altro materiale e sono infatti la scelta ideale, a pavimento o rivestimento, per abitazioni di pregio, locali commerciali ricercati, complessi pubblici o industriali a medio e alto traffico.

SURFACE LIBRARY

Vasta Stone surface designs create a presence where visual and physical journeys come together. The exclusive facades, created by Italian master designers, exhibit the utmost attention to detail and bring together the company's dedication to innovation and collaboration.

With superior technical performance to other materials, the sintered stone slabs can be applied to wall and floor claddings, furniture and bespoke compositions.

All'interno delle superfici Vasta Stone le grafiche creano una realtà nella quale si fondono sensazione visive e tattili. Gli esclusivi rivestimenti, ideati da maestri designer italiani, evidenziano la massima attenzione ai dettagli e testimoniano la dedizione dell'azienda all'innovazione e al lavoro di squadra.

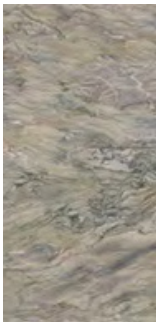

Con prestazioni tecniche superiori agli altri materiali, le lastre sinterizzate possono essere applicate a parete o pavimento, mobili e arredi su misura.

STONE

The ample swathes of deep grey and light brown undertones of the Pacista collection expresses an impressive form of nostalgia and nobility. With its fusion of light and appeal it brings a dramatic effect to both classical or contemporary designs. There is a unique composure which can be captured in an instant by the assembly.

Le ampie fasce grige e marroni donano sensazioni nostalgiche di nobiltà. Giochi di luce imprimono fascino alle superfici, per un effetto teatrale sia in abbinamento a design classici che contemporanei. Nel gioco delle composizioni la grafica restituisce alla vista spazi di quiete.

STONE

Separate but intertwined by elements and natural phenomena, the collection follows the notion of Terra Luna concept launched in Milan in 2022. Like the shadows and lights in the night sky the pattern has unique swirls and undulations which attract attention and contemplation. Warmer, early tone colourways in turn, reflect the formations of stone over time. It narrates a story of interrelation with nature that is both inviting and captivating. There is something truly fascinating to be created by harnessing the otherness of this collection.

Un movimento ricco e fluido che ci lega alla Terra e connette ai pianeti. Un progetto attuale e di tendenza, che sublima il bisogno dell'uomo di guardare in alto verso il cielo per trovare un posto dove sognare e vivere. Colori che partono dai toni più basilari della terra e arrivano alle sfumature del blu profondo. Un contrasto di lucido e satinato accompagnato a basi sia opache che materiche.

GRANDE MARBLE

Marble is timeless, used throughout the ages thanks to its allure and beauty. The Grande Marble offers a mesmerising impression with its compelling earthly swirls, a reminiscence of its natural origins. The natural greys and pacific hues creates an environment that invites to be calm and relaxed, an ideal ambiance to escape the disquietude of modern life.

Il marmo è un materiale senza tempo, usato attraverso i secoli per il suo fascino e la sua bellezza. Grande Marble cattura lo sguardo con le sue affascinanti striature terrose, un richiamo alle sue origini naturali. Nei toni del grigio le tenui sfumature creano un ambiente che invita alla calma e al relax, un'atmosfera ideale per sfuggire all'inquietudine della vita moderna.

GRIGIO CARNICO

The classical Grey Carnico is well-established as a popular building material in both interiors and exteriors. The natural blend of dark charcoal tones and carbon blacks as the background, highlighted with light greys and whites produces a facade of prominence and where the subtle combination of historical importance and contemporary applications can be seen across its surface.

Lo sfondo grigio scuro è attraversato da venature chiare. Ideale per progetti che richiedono un ambiente dal colore compatto e uniforme, Grigio Carnico unisce bellezza e robustezza mantenendo il suo aspetto elegante anche se abbinato ad altri materiali o decorazioni.

LINEAR HARMONY

With Linear Harmony, it is possible to create a captivating spatial concept where attention is directed at the flow of the visual story from space to space with clearly defined areas and focal points. The visitors may not anticipate what is around the corner thus increasing their curiosity and enjoyment of the experience to discover what comes next on their journey. The uniform colour palette carries a sense of formality creating a connection between the environment and the people along with a sense of tranquillity and belonging. The linearity offers an invitation to engage with the spaces and things within.

Con Linear Harmony è possibile creare un concetto spaziale accattivante in cui l'attenzione è diretta al flusso visivo da spazio a spazio, con aree e punti focali chiaramente definiti. I visitatori possono non anticipare ciò che è dietro l'angolo, aumentando così la loro curiosità e il piacere dell'esperienza e della scoperta. La tavolozza cromatica è uniforme e formale e crea un legame di tranquillità e appartenenza fra ambiente e persone. La linearità invita a confrontarsi con gli spazi e gli oggetti al loro interno.

MORE THAN 30 GRAPHICS, 3 FINISHES, 3 THICKNESSES
Vasta Stone is the new and revolutionary compact and sintered surface born to give an answer to architectural design and furnishing.
PIÙ DI 30 GRAFICHE, 3 FINITURE, 3 SPESSORI
Vasta Stone è la superficie compatta e sinterizzata nuova e rivoluzionaria nata per dare una risposta alle esigenze architettoniche di design e arredo.

THICKNESSES | SPESSORI

Vasta Stone is the result of a selection of the best raw materials and a revolutionary and highly technological production process, the Sintering. Thanks to these elements and extensive quality control along the entire production chain, a compact surface is achieved large size and minimum thickness, with extraordinary characteristics.
Vasta Stone is a 100% natural material with characteristics extraordinary physical-mechanical, suitable for endless applications.

Vasta Stone è frutto di una selezione delle migliori materie prime e di un processo di produzione rivoluzionario e altamente tecnologico, la Sinterizzazione.
Grazie a questi elementi e a numerosi ed esaurienti controlli di qualità lungo tutta la catena di produzione, si ottiene una superficie compatta di grande formato e spessore minimo, dalle straordinarie caratteristiche.
Vasta Stone è un materiale naturale al 100% dalle caratteristiche fisico-meccaniche straordinarie, idonea per infinite applicazioni.

EXTRAORDINARY CHARACTERISTICS | STRAORDINARIE CARATTERISTICHE

FROST-RESISTANT
RESISTENTE AL GELO

HEAT-RESISTANT
RESISTE AL CALORE

HEALTHY
SALUBRE

NON-ABSORBENT
NON ASSORBE

EASY TO CLEAN
FACILE DA PULIRE

RESISTANT TO ACIDS
RESISTENTE AGLI ACIDI

FIRE-RESISTANT
IGNIFUGO

WIDE RANGE OF STYLES
AMPIA GAMMA DI STILI

LIGHT
LEGGERO

EASY TO HANDLE
FACILE DA MOVIMENTARE

LASTING BEAUTY
INALTERABILE NEL TEMPO

RESISTANT TO UV RAYS
RESISTE AI RAGGI UV

SINTERED STONE TECHNICAL SHEET | TABELLE TECNICHE PIETRA SINTERIZZATA

VASTA STONE QUALITY STANDARDS		
PROPERTIES	TEST METHOD	STANDARD
Size	ISO 10545-2	±0.3mm
Water absorption rate	ISO 10545-3	<0.5%
Breaking strength	ISO 10545-4	> 750N (6mm)
		>1800N (12mm)
		> 5000N (20mm)> 750N (6mm)
		>1800N (12mm)
		> 5000N (20mm)
Moduius of rupture	ISO 10545-4	>32MPa
Wear resistance	ISO 10545-7	PEI III
Thermal shock resistance	ISO 10545-9	Ten passes
Crazing resistance	ISO 10545-11	Pass
Freezing test	ISO 10545-12	100 passes
CHEMICAL PROPERTIES		
Resistance to staining		
a) Green staining agent in light oil	ISO 10545-14	Class 5
b) Iodine, 13g/L solution in alcohol	ISO 10545-14	Class 5
c) Olive oil	ISO 10545-14	Class 5
Resistance to chemicals		
Resistance to household chemicals and swimming pool salts		
a) Household chemicals: Ammonium chloride, 100mg/L	ISO 10545-13	GA
b) Swimming pool salts: Sodium hypochlorite solution, 20mg/L	ISO 10545-13	GA
Resistance to low concentrations of acids and alkalis		
a) Hydrochloric acid solution, 3% (v/v)	ISO 10545-13	GLA
b) Citric acid solution, 100g/L	ISO 10545-13	GLA
c) Potassium hydroxide, 30g/L	ISO 10545-13	GLA
